6.2 Effects of delay

Unless otherwise agreed, liquidated damages shall accrue at a rate of 0.3 % of the total contract price per day by which the Service or any part thereof is delayed. Liquidated damages shall, however, not exceed 15 % of the total contract price.

The same shall apply if awaiting Contractor's remedy will cause substantial inconvenience to Buyer. In such event, Contractor shall be notified in writing prior to initiating the rectification work.

Buyer is entitled to claim compensation for losses suffered due to defects. Such compensation is limited to cover direct losses unless Contractor, or someone Contractor is responsible for, has acted with gross negligence or wilful misconduct.

Buyer may terminate the Contract if a defect constitutes a substantial breach of Contract. In such event, Buyer is entitled to reject Contractor's offer to remedy the defect.

13. ACCEPTANCE

13.1 The Contractor shall notify the Buyer in writing of the completion of its services.

13.2 Prior to acceptance, the Contractor shall check its services for completeness and freedom from defects and, if necessary, carry out residual work and rework without delay. Furthermore, a complete construction file must be handed over to the Buyer before acceptance. It must contain the consents, approvals, permits, test certificates, calculation documents, operating instructions and as-built drawings to be obtained by the main Contractor, the proof of disposal in accordance and a list of the manufacturers of the materials used by the main Contractor. Unless otherwise agreed, as-built and revision drawings shall be handed over in the form of data carriers and triple-color photocopies (including any circuit diagrams).

14.1 It is pointed out to the Contractor that it is legally obligated to have a safety-related supervision carried out by an internal or external specialist for occupational safety.

14.2 It must prove this to the Buyer by submitting proof of training of the internal specialist or by submitting confirmation of external safety-related support within 14 days of conclusion of the contract.

14.3 In case of non-submission of the training certificate or confirmation, the Buyer reserves the right to terminate the contract subject to prior written warning setting of an appropriate deadline.

- 15.3** The Contractor shall prove to the Buyer that it has sufficient liability insurance in terms of scope and amount of cover and shall provide evidence that it has maintained such insurance during the period of performance. The liability insurance to be proven must include an extended product liability insurance, unless the service of the Contractor exclusively comprises the installation, assembly, repair or maintenance of products manufactured and supplied by third parties or the provision of instructions concerning such products. Unless otherwise agreed, the minimum coverage amounts for personal injury, property damage, financial loss and processing damage shall be € 2,500,000.00.
- 15.4** Failure to provide proof of insurance shall entitle the Buyer, after reminder and setting of a deadline, to terminate the contract or to take out liability insurance for the benefit of the Contractor and at the Contractor's expense in the amount of the coverage sums not proven. The Contractor shall assign to the Buyer its claims against the insurers for indemnification arising from the insurance relationship. The Buyer accepts the assignment. If the assignment is not permissible according to the insurance conditions, the Contractor authorizes the Buyer to collect the claim against the Insurer.
