Quarterly Statement Q1 2018

May 15, 2018

Q1 2018

Development as planned in an increasingly positive environment

- Orders received with growth in the fourth consecutive quarter
Book-to-bill at 1.2
- Revenue once again with organic increase
- EBITA adjusted above prior-year
- Net profit improved
- Operating cash flow below very good prior-year quarter
- Outlook 2018 confirmed

Current market situation E&T

Oil and gas:

- Continued cautious investment sentiment in European project business in Oil, some activities in gas supply and gas pipelines
- Increase in activity in US shale oil and gas (mid-stream) in various fields
- Signs of recovery in Middle East, projects moving from early prospects to approval and RFQs

Chemicals and petrochemicals:

- In Europe brownfield investments still very active, more greenfield projects expected
- Still many key opportunities in North America with focus on the US Gulf Coast
- The Middle East market remains challenging, increasing demand for owner's engineering services
- Increased trend towards digitalization, especially from small- and mid-caps, with the goal of optimizing production processes and efficiency enhancements

Energy and utilities:

- In Europe growth perspectives mainly in nuclear, also from emissions control, modernization and efficiency enhancements at existing plants
- Market for fossil fuel power plants remains difficult
- In Middle East shift from conventional to alternative energy, growing interest for emissions control

Pharma and biopharma:

- Demand in Europe continues to be strong
- Requests also from Emerging Markets

Current market situation MMO

Oil and gas:

- Demand for maintenance services starts to improve, (smaller) projects now beginning to advance from idea to approval
- Market remains competitive

Chemicals and petrochemicals:

- Furthermore stable demand in Europe in maintenance business and growing willingness to invest, increasing number of requests for small MMO-projects (brownfield, e.g. de-bottlenecking)
- Middle East customers stable on OPEX

Energy and utilities:

- In Middle East shift from conventional to alternative energy
- In Europe ongoing limited demand for traditional power plant services, instead more decentralization and outsourcing, digitalization as trend, focus on renewables, demand for modifications in hydro power stations

Metallurgy:

- In Europe Aluminum with stable demand on good level, Steel with signs of improvement, but industry faces structural changes (consolidation, potential US import tariffs)
