Steinmüller Africa cautions the public about employment scam

Steinmüller Africa has recently been made aware of false employment opportunities being fraudulently advertised under the company's name. In all three of the reported cases, victims were scammed into paying a fee for a medical examination and were 'appointed' for a fraudulent position.

Steinmüller Africa does not require any payment from job applicants / potential placements. The public are therefore encouraged to contact Steinmüller Africa's Recruitment Department on 011 806 3296 or info.steinmuller@bilfinger.com to confirm the legitimacy of any vacancies advertised under the company's name before proceeding with an application.

To report related incidences or suspicion hereof, please contact Steinmüller Africa's Compliance Representative, Gail Evans, on 011 806 3091 or gail.evans@bilfinger.com.

For more information, please contact Bonnie Robinson, Communications and Branding Manager on 011 806 3927 or bonnie.robinson@bilfinger.com.

ENDS.
