## General

## Specific discount rates

- Weighted risk-free basic interest rate is derived from country specific long-term treasury bonds (currently 6 %)
- Premium on basic interest rate for project type adjustments
  - 2% for projects where revenues depend exclusively on the degree of availability (e.g. schools)
  - 3% for projects, that entail limited volume risks
- Further premium on basic interest rate for project phase adjustments
  - 3% in the construction phase
  - 2% in the ramp-up phase
