Positive outlook for 2013 confirmed

- **Our earnings forecast relates to adjusted EBITA and adjusted net profit from continuing operations. This serves to enable comparability over time**
- The effect of the deconsolidation of the Nigerian business and further reduction in Construction will be more than compensated, also based on acquisitions made so far.
  This leads to a year-on-year increase in output volume to €8.7bn
  (Output volume FY 2012: €8.6bn)
- Adjusted EBITA (FY 2012: €378 million) and adjusted net profit from continuing operations (€231 million) will increase with higher margins
