Per Utnegaard (CEO), Axel Salzmann (CFO), Bettina Schneider (Deputy Head IR)

October 19, 2015
I. Bilfinger Group

II. Segment Industrial

III. Segment Building and Facility

IV. Summary
I. Bilfinger Group
CEO Assessment
We can build on our strengths

- High-quality services provider and partner to our customers
- High brand recognition
- Strong customer base with long-term relationships
- Skilled and experienced staff, impressive engineering expertise
- Comprehensive services offering
- Market leadership in important European markets
CEO Assessment
Numerous challenges

- High complexity
- Low profitability
- Low cash conversion
- No synergies
- Loss of trust

Stabilize the business by…

- … defining and focusing on core business
- … building on strong market position and strengthening sales culture
- … aiming for cost leadership, finalize restructuring
- … improving cash conversion
- … delivering what we promise
Current status
Two different businesses at two different stages

INDUSTRIAL
- Market leader in Europe
- Fragmented international activities
- Low level of integration within segment
Good basis, but need for restructuring

BUILDING AND FACILITY
- Facility Services: No. 1 in DACH
- Robust business model
- Steady financial performance over last years
Expansion of strong market position as expert for integrated real estate services

GUIDANCE 2015
Continuing operations
Output volume: at prior-year level of €6.25bn
adj. EBITA: €150m to 170m
It’s all about FOCUS and CORE!
The five cornerstones in our strategy

- Two independent pillars: Industrial and Building and Facility
- CORE business: services, markets, customers and geographies
- Cost leadership
- Cash conversion
- Leadership and skills: Our people make it work!

Improve profitability, increase cash conversion, reduce complexity
Two independent pillars drive and unlock any hidden potential

Benefits of independence

- Increased visibility
- Drive decentralization
- Stimulation of entrepreneurial spirit
- Clear accountability and responsibility
- Greater strategic flexibility
- Faster development and growth
- Full transparency of value

Unlock any hidden potential
Focus on CORE services
Do more of less!

INDUSTRIAL
- Maintenance and Turnarounds
- Insulation, Scaffolding and Painting
- Engineering
- Automation
- Fabrication and Installation

BUILDING AND FACILITY
- Facility Management
- Real Estate Consulting
- Real Estate Management
- Building Projects

We will strengthen our strengths
Focus on CORE customers
Accelerate development of key account management and leverage our high-profile customer base

High-profile customer base

- Several blue-chip customers (BASF, BP, Deutsche Bank, Siemens)
- 80% of output volume generated our top 100 customers

Accelerate Key Account Management

- Increase current market penetration
- Strengthen our Key Account Management capabilities
- Further extend our long-term partnerships with our strategic customers

Long-term customer relationships set base for stable and profitable business
Focus on CORE geographies
From fragmented international footprint to European focus

- **INDUSTRIAL**
  - Europe: Central and Northern Europe

- **BUILDING AND FACILITY**
  - Europe

Strengthen our position in our home markets
Focus on CORE markets

INDUSTRIAL

Process industries
- Chemicals
- Energy
- Oil&Gas / Refineries
- Pharma

BUILDING AND FACILITY

Real estate services for customers in various sectors

Expansion of market shares
Non-core businesses identified

<table>
<thead>
<tr>
<th>NON-CORE BUSINESSES</th>

</tr>
</tbody>
</table>

- Management’s strategic focus
- Increase investment activities
- Potential acquisitions
- No strategic focus
- Limited investment activities
- Examine all strategic options

* Discontinued Operations
Focus on cost leadership

- Continue successful restructuring, already launched measures on schedule

- Operational excellence:
  - process optimization
  - standardization
  - drive economy of scale and unit cost reduction
  - digitization

- SG&A efficiency: adjust SG&A cost to industry benchmark (concept development in progress)
Focus on cash conversion

- Improve time to billing
- Optimize billing process
- Improve overdues
- Inject full working capital awareness

Free up cash to create shareholder value
Leadership and skills
Our people make it work!

**Bilfinger Academy | Figures 2015**

- > 50,000 e-learnings/41 countries
- > 3,000 corporate training days
- Intense technical and safety training
- > 400 participants in global leadership development

- Onboarding: foster joined values, install worldwide standards
- Technical trainings: excellence in high quality services
- Sales Performance Initiatives: Boost commercial and technical skills
- Focus on Leadership: drive entrepreneurship and cost-leadership

Tailor-made training program and all incentive plans are aligned to ensure successful execution
Wrap up
Key strategic initiatives will deliver on our objectives

Objectives
- Profitable growth
- Cash
- Complexity reduction
II. Segment Industrial
Industrial
Good basis, but need for restructuring

Output volume 2015e: a good €3.4bn

Adjusted EBITA margin 2015e: 3% plus

**STRENGTHS:**
- Leading supplier for Industrial services and solutions for process industries in Europe
- Comprehensive service offering
- Well positioned to benefit from industry trends
- High reputation of service quality, engineers and highly qualified staff

**OPPORTUNITIES:**
- Optimize operational processes and streamline organizational setup
- Leverage high profile customer base
Higher Profitability, improved Cash conversion, reduced Complexity
We see opportunities in a challenging market environment

**MARKET CHARACTERISTICS**

- **Stable, low-risk** countries
- **Slow growth** environment
- Ongoing **outsourcing** trend
- Highly **fragmented** and **competitive** market
- Requires **local** presence
- **Oil price** development **sensitive** for some customers’ business
- Recently trend to **tenders across production sites**

**OUR OPPORTUNITIES**

- **Excellent** market **position**
- Winning **outsourcing** projects pushes profitable growth
- Well-positioned as market leader for further market **consolidation**
- Drive optimal go-to-market model: “local champion concept” – **strong local presence** in important industry centers
- Advanced **key account management** for high-profile customer base
We are well positioned to leverage industry trends

**MARKET DYNAMICS AND KEY TRENDS**

<table>
<thead>
<tr>
<th>Digitization of industry</th>
<th>Industry 4.0</th>
</tr>
</thead>
<tbody>
<tr>
<td>Outsourcing</td>
<td>Ongoing trend for outsourcing industrial maintenance</td>
</tr>
<tr>
<td>Fragmented competitive landscape in core market</td>
<td>Consolidation process ongoing</td>
</tr>
</tbody>
</table>

**WE ARE WELL POSITIONED**

- **Mobile devices** in maintenance already in use
- **Several digital services** in development
- Highly sophisticated **tailor-made** solutions
- **Best-in-class** know-how
- References as competitive advantages
- **Leading market position** in fragmented market
- **Increase** our **market shares** through organic and external growth (M&A)
Industry trend
Industry 4.0 will impact our maintenance and service offerings in the future

Remote data analysis
Real-time analysis of critical data points from customer’s process and manufacturing databases
Remote support and maintenance

Intelligent spare part management
Analysis of historical demand and equipment data
Proactive provision of spare parts or intelligent lists for customer ordering

Predictive maintenance
Analysis of historical and actual equipment data
Execution of proactive measures before problems occur

Augmented reality
Complete sharing of the working environment with remote service team
Visor enabled step-by-step instructions for maintenance and set-up of equipment
Industry trend
Ongoing outsourcing offers growth opportunities

Top 15 companies Industrial Services providers in Germany

- Customer in process industries are continuously reducing their fixed cost base: ongoing trend to outsourcing
- Due to high quality services and experience we are solution provider of choice

Focus on existing customers with further outsourcing potential as well as on newly identified opportunities

Well-positioned product for outsourcing of small- and medium-sized customers (BMC)

Use it as selling point: our process efficiency is also process efficiency for the customer

Increasing trend towards higher revenue share from outsourcing projects

### MARKET
- Market environment
- Industry trends
- Peer group

### FOCUS
- **CORE** geographies
- **CORE** services
- **CORE** customers

### KEY INITIATIVES
- Restructuring
- Operational Excellence
- Commercial Excellence

---

**Higher Profitability, improved Cash conversion, reduced Complexity**
Focus on CORE geographies
Leading position in Europe

- **DACH**  *market leadership* in industrial maintenance services
- **Nordics**  *market leadership* in industrial maintenance and strong market position in on- and offshore oil and gas services
- **UK**  *market leadership* in maintenance and modifications
- **BeNe**  *market leadership* in industrial insulation, scaffolding and painting
- **Eastern Europe**  *strong position* in industrial maintenance services and flexible body leasing resources for employment throughout our CORE geographies

With our leading positions in fragmented markets we will increase our market share
Europe
A stable, low-risk market environment
Focus on CORE services
Tailor-made services for process industries

SEGMENT INDUSTRIAL

Process industries

- Engineering, Automation and Control
- Industrial Fabrication and Installation
- Industrial Maintenance
- Insulation, Scaffolding and Painting
- Oil and Gas
- Support Services

Non-core business

~ €2.7 bn

~ €0.7 bn
Focus on core customers
Leverage our high-profile customer base

Ca. 80% of output volume generated with our top 100 high-profile customers

Trend to
- supplier consolidation
- awarding of service contracts across different sites

Bilfinger well positioned to benefit from these trends
- offering of bundled service
- ability to serve European blue chip customers
- strong key account management
Bilfinger strategy is to follow Borealis growth strategy within their Core business areas:
- Polyolefins
- Base Chemicals
- Fertilizer

Countries:
- Netherlands
- Belgium
- France
- Finland
- Middle East

Establishing of relation to key account Borealis

- 1994 Linz, Austria
- 1995 Burghausen, Germany
- 1997 Schwechat, Austria
- 2004 Piesteritz, Germany
- 2005 Stenungsund, Sweden
- 2015 ff

- Maintenance frame contracts
- Performance Driven Contracts
- Key Account
- Kept and strengthened partnership
**Case Study Borealis**
Win-win partnership with sustainable benefits

**Advantages Borealis – Performance-oriented partnership with high focus on:**
- Efficient maintenance and turnaround execution incl. safety performance
- Committed efficiency gains and performance KPIs
- Continuous improvements, innovations, implementation of best practices

**Advantages Bilfinger – Satisfied Customer**
- Prolongation and development of existing contracts with increased number of services
- Chance to enter into new contracts at other Borealis sites and local growth outside of these sites

The result is: Increase of plant availability and cost optimization

The result is: Increase in revenues from yearly around 20 to more than 70 million Euro and potential for further growth at a high level
Case Study Borealis
Our services towards Borealis

MAINTENANCE SERVICES (BMC)

TURNAROUNDS

MECHANICAL (STATIC, ROTATING)

MAINTENANCE CONSULTANCY

MODIFICATIONS AND EXTENSIONS

WORKSHOP SERVICES
### Market
- Market environment
- Industry trends
- Peer group

### Focus
- CORE geographies
- CORE services
- CORE customers

### Key Initiatives
- Restructuring
- Operational Excellence
- Commercial Excellence

**Higher Profitability, improved Cash conversion, reduced Complexity**
Restructuring measures already launched are on track

Restructuring / disposal of units which are loss-making or subcritical in size or geographies

2015 | 2016 | 2017 ff

~€70m restructuring expenses

Cash-out in 2015 and 2016

~€40m EBITA p.a. savings

Headcount reduction (~1400 employees) in all divisions, esp. Asia/Pacific, Norway (Oil and Gas), NL and Germany (Engineering, Insulation)

Closely monitored and fully committed
Operational Excellence will improve our competitiveness and profitability

**Improve process efficiency**
- **Roll-out** successfully piloted **lean-program** in division Industrial Maintenance
- **Enhance standardization** and **digitization** of processes, e.g.
  - optimized work order management based on mobile devices
  - digital time recording
  - digital approval processes
- **Identify best practices** / define concept / roll out
- **Implement culture of continuous improvement**

**Increase cost flexibility**
- Define and implement a roadmap to increase cost flexibility
  (converting fix to variable costs)
Objectives of Project PEPP
“Process Excellence through Powerful People”

- Develop lean processes incl.
  standardized KPIs and monitoring routines
- Driven and developed from within Bilfinger
  – high involvement of employees
- Establish culture of continuous improvement

Results and Roll-out potential

- Clear profitability improvement potential
  proven in pilot projects
- Currently roll-out in further workshops/locations
  within Industrial

More than 50 improvement levers identified – Examples:

Introduction of uniform layout of project documentation

Reduced time requirements

Electronic planning tools and digital time recording

Improved efficiency and deployment of employees
Commercial Excellence  
We will increase sales and performance culture

FUTURE SALES STRATEGY

- Focus on **key accounts with clear responsibilities**
- **Advanced commercial initiatives** with strategic customers
- Initiate **incentives program**
- Establish **cross-regional and cross-divisional tender management**
- Increase **regional penetration**
- Proactively identify and offer **outsourcing capabilities to customers**
- **Push** Bilfinger Maintenance Concept – **BMC®**: our best practice product suite for industrial maintenance
Commercial Excellence – Example
BMC® is a best practice product suite for maintenance services

- Manufacturer of **water valves** with production in Germany
- Customer with increasing need for **efficiency and operational improvements**
- With **Bilfinger Maintenance Concept BMC®**, Bilfinger applied most modern methods and tools for **upfront analysis**
- **Significant improvement potential** discovered
- **BMC® differentiated Bilfinger** as best-in-class service provider able to **unlock improvement potential**
- Customer signed multi-year **value performance contract** – benefitting from **fixed prices** and **savings >10%**

Successful value creation for customer by BMC® leads to attractive and stable business for us
Industrial
The way forward

Focus to create basis for future growth

2015 – strategy launch
- Continue **restructuring**
- Focus on **operational excellence**
- Strengthen **commercial excellence**

2016 – transition year
In addition:
- **Standardize processes** in CORE business
- Develop customer focused **operating model**
- Drive **growth** through defined initiatives

Grow business

Mid/long-term perspective
- **Expand geography** in our core business
- **Drive industry consolidation**

Focus to create basis for future growth
III. Segment Building and Facility
Starting from a robust position

**REAL ESTATE SERVICES**
- 21,500 highly skilled employees in Europe
- High degree of technical and commercial competence
- High degree of self-delivery and extensive value added
- Excellent customer relationships
- Proven ability to integrate acquisitions

**WATER TECHNOLOGIES AND GOVERNMENT SERVICES**
- 1,800 highly skilled employees
- Successful business in robust niche markets predominately outside Europe

**BUILDING AND FACILITY**

Output volume 2015e:
- a good €2.8 bn

Adjusted EBITA margin 2015e:
- at prior-year level
  - (2014: 5.1%)
Focus on real estate services as core

WHERE WE COME FROM ...

- **No clear logic** of segment configuration and lack of focus on full real estate value chain
- **Lack of focus** leading to **limited visibility** in customers’ and capital markets’ eyes

WHERE WE WANT TO GO...

- Position the Segment B&F as a leading **European real estate services provider**
- Focus on **higher visibility** as real estate expert
- Focus future measures on the **needs of real estate business**
- **Further integration** of real estate services

---

**SEGMENT B&F**

Review within Building and Facility Segment
Output volume, 2015e
Focus on real estate services
Covering the entire real estate value chain

Value chain:
- Development
- Design
- Realization
- Operations / Maintenance

Integrated Real Estate Services / Lifecycle consulting / Lifecycle projects:
- Advisory and Consulting
- Design
- Construction
- Trades
- Integrated facility management
- Technical due diligence
- Energy management & contracting
- Workplace and project management
- Integrated real estate management
- Center management
- Valuation
- Transactions & Capital markets

High service quality through high degree of vertical integration
Focus on real estate services
Robust business model

- No high dependency on a single customer
- Varied and independent market drivers
  - Market consolidation
  - Outsourcing
  - Sustainability
  - Multi-national customers
  - Interest rates
- Customers from different sectors with different economic cycles
- Deliver broad range of services along the entire real estate lifecycle
- High degree of stable service and advising contracts
Market
Robust growth of relevant markets

CAGR 2015 – 2018
Output Core
Robust growth

Definition for the qualitative comparative growth:
- Significant: > 5 %
- Robust: > 3 - 5 %
- Slight: 1 - 3 %

Source: Cushman & Wakefield 2015, Lünendonk 2015, Euroconstruct 2014, Own estimations

Robust growth with increasing demand for integrated and multi-national services
Market
Trend toward integrated real estate services

Market trends

- Expansion of real estate value chain through acquisitions
  - Example CBRE: Norland, Johnson Controls
  - Example Bilfinger: GVA

- Increasing demand for integrated real estate services from a single source

Bilfinger well-positioned for further growth
Market
Trend for multi-national real estate services

- Strong focus on Europe
- Strong market position in the two largest European markets: Germany and UK
- Overall present in 20 countries
- Customers require local presence and knowledge combined with multi-national management capabilities
- Tender for real estate management services for real estate portfolios increasingly have a multi-national reach

Further enlargement of the European platform via “follow your customers” and bolt-on acquisitions
MARKET DYNAMICS AND KEY INITIATIVES

- CORPORATE CLIENTS
- DIGITIZATION
- ENERGY EFFICIENCY
### Growth initiative: Corporate clients

Increasing demand for integrated real estate services

### High growth potential due to first-hand access to real estate data

Bilfinger SE | Roadshow London | October 19, 2015
Growth initiative: Energy efficiency
Still high saving potential

Starting position
- Extensive own experience
- Close proximity to building technology and direct access to consumption data
- Own energy monitoring systems (real-time data)

Customer needs
- Cost transparency and reduction
- Mandatory energy audits (EU Energy Efficiency Directive)
- Easy overview dashboards about energy consumption
- Digital real-time data for further data processing

Initiatives
- Further development of own energy monitoring system
- Employee training with regard to technology and sales
- Consulting and sales initiative

Strengthen visibility as partner for energy efficiency

Further growth through monitoring system with lower up-front costs
Growth initiative: Energy efficiency

Example smartB

- Pilot project in Berlin
- Office building
- Approx. 17,000 m²

“I’ve taken a big step toward gaining a transparent view of our power consumption. Now the next step is to take advantage of the savings potential we’ve uncovered and lower our energy costs for the long term.”

Theo Mittag, BASF SE
Building and Facility
The way forward

CONTINUE PROFITABLE GROWTH

2015
- Continuous operational excellence
- At minimum, growth in line with market
- Define and launch additional growth initiatives

2016

Start with bolt-on acquisitions

Medium-term, grow the business to > €3bn through organic growth of 4-5% p.a. and bolt-on acquisitions
IV. Summary
It’s all about focus!

Focus, clean up and set basis for future growth

2015
- **Industrial**: Continue restructuring, focus on operational efficiencies and commercial excellence
- **Building and Facility**: Continue profitable growth
- Define and launch additional growth initiatives in both segments

Transition year

2016
- **SG&A** efficiency program
- Strive for **cost leadership**
- **Industrial**: Develop customer focused operating model
- **Building and Facility**: Selected bolt-on acquisitions
- Strategy update in Spring

Continue growth and expand business

Medium- to long-term
- Geographic expansion in our defined core markets
- Drive industry consolidation

- Continuous operational improvement and profitable growth
- Unlock any hidden potential
