WORKFORCE ENABLEMENT

BCAP – TRANSFORMING DATA INTO VALUE

With our combined competences of software development and domain knowledge, we create insights, define actions and implement improvements for your business. Together, we increase your business value top and bottom line.

Isolated Data

-  **Engineering**
-  **Operation**
-  **Maintenance**
-  **Energy**
-  **External Data**

BCAP[®] Solutionstore

The image shows the BCAP Solution Store interface. At the top, the BCAP logo is displayed with the tagline "Bilfinger Connected Asset Performance". Below the logo are two large blue arrows, one pointing up and one pointing down. The main part of the interface is a grid of various monitoring and analytics tiles, including "Virtual Sensor", "Asset Monitoring 10 minutes", "Smart Alerting", "3D Plant view", "Cognitive Sensor", "Plant Intelligence", "Energy Monitoring", and "Asset Monitoring Realtime".

Business Value
