## Press Release

March 10, 2022

---

### **Bilfinger publishes Annual Report 2021: Specific sustainability targets defined**

On March 10, 2022, Bilfinger SE published its Annual Report for the financial year 2021. It is available as of now in German and in English at [www.bilfinger.com](http://www.bilfinger.com). The Annual Report also includes the Non-Financial Group Report 2021.

Bilfinger already published the [preliminary results](#) for the financial year 2021 on February 10, 2022.

#### **'We Make Sustainability Work' - Bilfinger commits to sustainability goals**

On the basis of the current Non-Financial Group Report, Bilfinger has also revised and significantly expanded its [sustainability web pages](#) under the motto 'We make Sustainability work'.

The focus is on the Bilfinger Sustainability Commitment, which formulates specific goals for the defined sustainability fields *People, Planet, Customers and Governance*. The industrial services provider sets targets for occupational safety and sustainable supply chains as well as, for the first time, for its own carbon footprint in accordance with the Greenhouse Gas Protocol. The CO<sub>2</sub> equivalents according to Scope 1 and 2 of around 60,000 tons in 2021 are to be successively reduced and 'net zero' will be reached by the end of 2030 at the latest.

In addition, Bilfinger will increasingly support its customers achieve their sustainability targets. The Group's customers face the task of securing their future energy supply and significantly reducing their carbon footprint in the process. As a key component of its growth strategy, Bilfinger aims to increase sales from energy transition and carbon reduction projects from around €500 million in 2021 to around €1 billion in 2024.

---

Bilfinger is an international industrial services provider. The Group aims to enhance the efficiency of assets, ensure a high level of availability, reduce emissions and lower maintenance costs. Creating sustainable production processes for customers is becoming increasingly important. Bilfinger's portfolio covers the entire value chain from consulting, engineering, manufacturing, assembly, maintenance and plant expansion to turnarounds and also includes environmental technologies and digital applications.

The company delivers its services in two service lines: Engineering & Maintenance and Technologies. Bilfinger is primarily active in Europe, North America and the Middle East. Process industry customers come from sectors that include chemicals & petrochemicals, energy & utilities, oil & gas, pharma & biopharma, metallurgy and cement. With its ~ 30,000 employees, Bilfinger upholds the highest standards of safety and quality and generated revenue of €3.7 billion in financial year 2021.
