

HSEQ OBJECTIVES 2020

Health & Safety

Drive further reduction in our incident and injury rates through enhanced leadership behaviors. Empowered personnel always start work safely and stop work if it is unsafe. The new campaign “ALWAYS TIME FOR SAFETY” will foster and re-emphasize the importance of the “Last Minute Risk Assessment”.

Environment

Drive innovation and market penetration on Bilfinger solutions for energy efficiency and CO₂ reduction in the energy sector. Through increased use of video conferencing, low emission company vehicles, energy efficient offices and reducing our dependence upon single use plastics accelerate our carbon reduction journey towards being carbon neutral.

Quality

Ensure continuous improvement of products and services with concurrent reduction of expenses for quality deviations.

ROAD TO ZERO

- H** | occupational illnesses
- S** | work related injuries
- E** | environmental incidents
- Q** | quality deviations
